## ROOSTER CORE BMX RANGE

New for 2020, the Rooster Core BMX Range features two exciting models, Core and Hardcore. The Core range is suited for riders looking to take to the streets for the first time on a BMX. Designed to get noticed, the bikes feature stand-out styling thanks to the unique colourways and detailing. Available in a range of colours, Rooster has attitude in abundance and a winning balance of urban cool and accessibility.

Combining great value with brilliant performance, this new edition to the Rooster Core BMX range bike is sure to own the streets!

Built around a durable freestyle frame and freestyler forks, this bike was built to add functionality and flair to the skate park. It's also fitted with a strong, light pair of 36 hole alloy wheels and a front Caliper brake for superior control of the Core, allowing you to nail the perfect trick in style. The Rooster Core is ideal for those entry-level riders searching for a bike with proven quality.
